

SUPPORi Featured In Baby Maternity Retailer Magazine, 2013 November Issue, USA

(SNIPPET OF CONTENT FROM THE MAGAZINE)

"We're always pleased when the SUPPORi baby carrier gets some good press. Just this month, Baby Maternity Retailer magazine gave the SUPPORi a featured spot on its "What's Hot" page in the November/December issue. This is a great feature for us, since the magazine helps shoppers find the most exciting baby care products out there; we're honored that they chose us!

" SUPPORi is a light weight baby carrier that slips on easily, alleviates baby wearing injuries and heat rashes, and stretches as baby grows from approximately 15-33 lbs. "

Baby Maternity Retailer also highlighted SUPPORi's numerous international awards, as well as the fact that it's available in many stylish colors. We're thrilled to see this feature!"
