“For the closest comfort

Made for superb comfort and agility, SUPPORi effectively eliminates traditional baby-wearing discomforts like stiff shoulder, sore back and other weight induced stress to a parent's body. It is conveniently compact, easy to use and is capable of ensuring the best fit for baby and parent. SUPPORi is ultra-lightweight, weighing only 80 grams and is the lightest baby carrier around. It is one of the best carriers for our hot and humid climate for it does not retain heat, plus its triple plied thread offers firm and safe support. SUPPORi come in many trendy colours to satisfy all tastes and preferences”
