

# Proâge™ Plus

## Advanced Cellular Support for Healthy Aging & Longevity

### “Turning Back The Aging Clock”

Aging is a complex biological process characterized by progressive cellular and molecular changes often described as the “Hallmarks of Aging.” These include epigenetic changes, genomic instability, telomere attrition, mitochondrial dysfunction, and cellular senescence. Epigenetic changes in cells serve as markers of biological aging, forming the foundation of modern ‘aging clocks’ that track cellular health and the pace of aging.

**Proâge™ Plus** is formulated to act at the cellular level, supporting key pathways associated with healthy aging. Its combination of NMN, L-Ergothioneine (EGT), Scarlet Beebalm and Lemon Balm Extract, and GliSODin® Cantaloupe Melon Extract helps maintain mitochondrial function, enhance antioxidant defenses, and support cellular repair mechanisms—factors that influence epigenetic regulation and overall cellular resilience.

By nourishing the cells’ natural longevity pathways, **Proâge™ Plus** provides a science-based approach to healthy aging and functional longevity, potentially slowing age-related epigenetic changes and supporting the body’s intrinsic mechanisms for maintaining youthful skin and cellular function.

5g x 21 sachets

### HEALTH BENEFITS

- Supports healthy aging and longevity by counteracting the hallmarks of aging
- Potent antioxidant activity, anti-inflammatory, free radical scavenging properties
- Reduces epigenetic aging: Reduces epigenetic age by 40%, equivalent to a remarkable age reduction of 12 years
- Counteracts cell aging by boosting mitochondrial function and ATP production
- Protects the telomere length by decreasing the rate of telomere shortening
- Prevents cell senescence and oxidative cell damages
- Improves healthspan and quality of life
- Cytoprotective and cell reparative effects, protects and repairs DNA
- Supports NAD<sup>+</sup> metabolism and cellular energy production
- Improves energy level, decreases fatigue
- Supports endothelial and vascular function
- Supports cardiovascular, metabolic and cognitive health
- Reduces stress hormones and promotes better sleep
- Protects against skin glycation and UV damage
- Improves signs of aging skin in terms of reducing pores, wrinkles, porphyrin, UV discoloration and dark spots
- Improves sebum secretion and reduces pigmentation

### SUITABLE FOR

- Adults above 18 years old & elderlies seeking healthy aging support at cellular level
- Individuals seeking advanced nutritional support to maintain cellular vitality, metabolic function and longevity
- Individuals experiencing low energy or vitality
- People exposed to UV and oxidative stress
- Those who are looking for skin revitalization and pigmentation support
- Those with metabolic syndrome (High blood sugar, cholesterol & blood pressure)
- Cardiovascular and stroke patients, poor cognitive function, cancer survivors
- Vegetarian & vegan

### MAIN INGREDIENTS

Nicotinamide Mononucleotide (NMN) (350mg, 7%), L-Ergothioneine (EGT), GliSODin® Cantaloupe Melon Extract (100mg, 2%), Scarlet Beebalm and Lemon Balm Extract, Vitamin B3, Vitamin D3, Soluble Corn Fibre, Isomaltulose, Peach Juice Powder, Orange Juice Powder, Thixogum

### DIRECTIONS FOR USE

Take 1-2 sachets daily after meal. Mix it with 125mL room temperature water. You may add Proâge™ Plus into any juice or your favourite beverage.

### WHY CHOOSE PROÂGE™ PLUS?

- Contains powerful antioxidants - NMN, SOD from GliSODin® & L-Ergothioneine
- Supported with clinical evidences on reducing epigenetic aging and skin pigmentation benefits
- Suitable for long-term daily consumption for cellular health maintenance and healthy aging
- No added sugar & chemicals
- No artificial colouring, flavouring & preservatives
- Gluten-free & non-GMO

#### Cautions:

Children, pregnant and breastfeeding women and cancer patients should not take this product. Please consult your doctor if you are currently undergoing treatment.

*\*Not for circulation. Only used for internal training purposes*

## 先进的细胞支持，促进健康衰老与长寿

### 「逆转衰老时钟」

衰老是一个复杂的生物学过程，其特征是细胞和分子层面的逐渐变化，这些变化通常被称为“衰老的标志 (Hallmarks of Aging)”。其中包括表观遗传变化、基因组不稳定、端粒缩短、线粒体功能障碍以及细胞衰老。细胞中的表观遗传变化可作为生物学年齡的标志，并构成现代“衰老时钟”的基础，用于追踪细胞健康状况和衰老速度。

Proâge™ Plus 的配方旨在从细胞层面发挥作用，支持与健康衰老相关的关键途径。其成分组合包括 NMN、L-麦角硫因 (EGT)、大红香蜂草 (Scarlet Beebalm) 与柠檬香蜂草 (Lemon Balm) 提取物，以及 GliSODin® 哈密瓜 (Cantaloupe Melon) 提取物，有助于维持线粒体功能、增强抗氧化防御能力，并支持细胞修复机制—这些因素都会影响表观遗传调控以及整体细胞韧性。

通过滋养细胞的天然长寿通路，Proâge™ Plus 提供一种以科学为基础的健康衰老与功能性长寿解决方案，可能有助于减缓与年龄相关的表观遗传变化，并支持人体维持年轻肌肤与细胞功能的内在机制。

5g x 21 小包

### 健康益处

- 通过对抗“衰老的标志 (Hallmarks of Aging)”，支持健康衰老与长寿
- 具有强效抗氧化、抗炎及清除自由基的作用
- 减少表观遗传衰老：可降低 40% 的表观遗传年龄，相当于约 12 年的显著年龄逆转效果
- 通过增强线粒体功能和 ATP 生成，对抗细胞衰老
- 通过降低端粒缩短速度，保护端粒长度
- 预防细胞衰老并减少氧化性细胞损伤
- 改善健康寿命 (Healthspan) 并提升生活质量
- 具有细胞保护与修复作用，保护并修复 DNA
- 支持 NAD<sup>+</sup> 代谢与细胞能量生成
- 提升能量水平，减少疲劳感
- 支持内皮功能与血管健康
- 支持心血管、代谢及大脑认知健康
- 降低压力荷尔蒙并促进更好的睡眠
- 保护皮肤免受糖化反应与紫外线损伤
- 改善皮肤老化迹象，包括减少毛孔、皱纹、卟啉、紫外线色素沉着及暗斑
- 改善皮脂分泌并减少色素沉着

### 适合人群

- 18 岁以上成人及老年人，希望从细胞层面支持健康衰老的人
- 希望通过先进营养支持来维持细胞活力、代谢功能及长寿的人
- 经常感到精力不足或活力下降的人
- 经常暴露于紫外线及氧化压力环境的人
- 希望改善皮肤活力及色素沉着问题的人
- 具有代谢综合征的人群 (高血糖、高胆固醇、高血压)
- 心血管疾病或中风患者、认知功能较差者、癌症康复者
- 素食者与纯素食者

### 主要成分

烟酰胺单核苷酸 (NMN) (350mg, 7%)、L-麦角硫因 (EGT), GliSODin® 哈密瓜 (Cantaloupe Melon) 提取物 (100mg, 2%)、大红香蜂草 (Scarlet Beebalm) 与柠檬香蜂草 (Lemon Balm) 提取物, 维生素 B3、维生素 D3、可溶性玉米纤维、异麦芽酮糖、桃汁粉、橙汁粉、增稠剂 (Thixogum)

### 服用建议

每日餐后服用 1-2 包。将其与 125 mL 室温水混合饮用。也可将 Proâge™ Plus 加入果汁或您喜爱的饮品中饮用。

### 为何选择 PROÂGE™ PLUS?

- 含强效抗氧化成分：NMN、来自 GliSODin® 的 SOD、L-麦角硫因 (EGT)
- 具有临床研究支持，可帮助减少表观遗传衰老并改善皮肤色素沉着
- 适合长期每日服用，用于维持细胞健康及促进健康衰老
- 不含添加糖与化学添加剂
- 不含人工色素、香料及防腐剂
- 无麸质且非转基因

#### 注意事项:

儿童、孕妇、哺乳期女性及癌症患者不建议服用本产品。如您正在接受医疗治疗，请在服用前咨询医生。

\*禁止散发此传单。仅限于内部训练为用途
