TROUBLESHOOTING

Problem	Solution
Intercom fails to connect with another unit or phone.	Ensure devices are in pairing mode; reset pairing history if necessary
Audio is unclear or low	Check volume level and speaker placement; thick padding may lower sound.
Connection drops randomly during use.	Check battery level on both devices; low battery can cause dropouts.
Microphone Not Working	Make sure microphone is positioned near riders mouth. Check socket or audio post connection
Device Won't Turn On	Charge the device fully. Check the power button for proper press and hold duration.
Unable to share music	Enable music sharing; ensure both units are paired

CHARGING REMINDERS

1. Use only the recommended 5V 1A power adapter.
2. Charging time is approximately 2–3 hours; avoid overcharging.
3. It is recommended to charge the unit before the battery is fully discharged.
4. Do not use damaged cables or adapters to prevent short circuits.

WARRANTY

The Jabbre Intercom comes with a **ONE (1) YEAR WARRANTY** against manufacturing defects. For complete warranty service, visit our official website.

For warranty claims, please scan the QR code and submit all required details.
