AE Series

New generation HLD (High Lumen Density) LED light source shows the clear, bright, true color image under easy setup features and provide 30,000 hours light source life time to reduce the maintenance cost.

- Powerful correction function
- 3LCD color balance
- 360° projection technongy
- Up to 30,000 hrs lamp life time
- Available display via USB or RJ45 cable
- Plentiful and practical projector display modes

> HLD LED Light Source / Brightness: 4500lm

The projector with new generation light source, HLD(High Lumen Density) LED ColorSpark, provide the real color of LED light source. Show a clear, bright, natural images to you during the business presentation. Provide the users a particularly prominent experience.

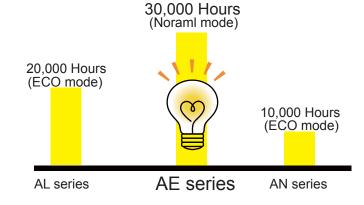

Current LCD

HLD LED Laser

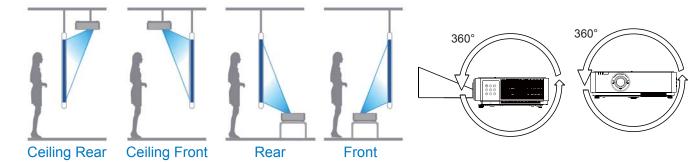

♦ 30,000 hours lamp life time, allowing the customer user-friendly feeling.

HLD LCD light source provide 30,000 hours lamp life. it don't need replace the lamp up to 10 years. it's reduce the consumable and maintenance. The Lamp without Hg and environmentally friendly for earth.

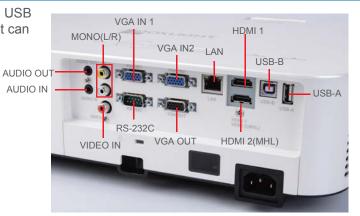

Multi-projection way: support 360° projection in vertical.

The projector supports the following project ways: Front, Rear, Ceiling / Front, Ceiling / Rear, Auto ceiling / Front , Auto ceiling / Rear and support 360° projection.

Plentiful interface, more expanded display interface: RJ45 & USB.

Not only the mainstream interface but also LAN & USB terminals can project any kind of signals. USB slot can support data reading such as jpeg or pdf**.

^{*} USB-A slot has limit with files, please make sure that the file can be read or not before use.

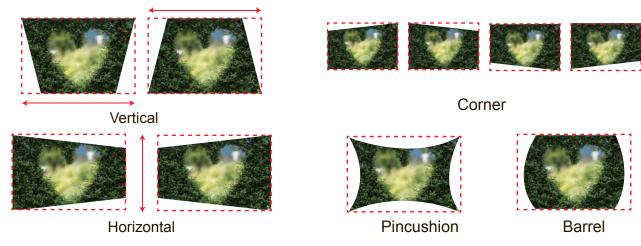

Equipped with 16W speaker

Build in 16W speaker make the picture and sound show with same equipment. Reduce other installation for sound.

▶ Powerful correction function.

Having the convenient manual and automatic Vertical correction, and manual Horizontal correction function. Moreover, user can use Corner Keystone, Pincushion/Barrel Correction* to adjust the projected picture. Ensure user can project in any uneven surface. *This function doesn't support by AEU452.

Rigid dustproof design.

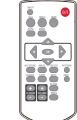

High efficiency ESD filter can effectively extend the projector life to ensure the image quality. Projector built-in auto-detected system, always checks the projector's air volume, and automatically detects whether the filter is blocked. It can actively give the alarm to clean up the filter message to protect the machine and improve the service life.

Logo capture function in start screen.

By means of OSD menu selection, users can set their own business or personal images as a start logo. In the external demo companies or individuals can show their unique image, breaking the stereotyped image of the default start logo.

Select color modes by customer demand.

Dynamic, standard, cinema, blackboard, colorboard or you can deside by yourself, whether in bright or blackboard, white wall environment can be adjusted to the most suitable screen color performances to enjoy the real wonderful screen.

Double password lock and anti-theft function.

User's power-on password protection and keyboard or remote control lock function can avoid the projector error operation and theft. In addition, the projector is equipped with Kensington anti-theft lock slot abd prevent the projector being stolen.

^{**}WUXGA model doesn't support PDF files with USB-A slot.
