

THE REBIRTH OF BONES: Megmilk Snow Brand MBP Special Milk Formula

MEGMILK SNOW BRAND MBP® is a specially formulated nutritious milk formula that contains MBP® (Milk Basic Protein), is **low in fat**, and **high in Calcium** and **Vitamin D**. MBP® is a clinically studied protein complex found naturally in cow's and human's milk, and works directly and indirectly on bone cells to form healthy bones and increase bone density. MBP® has been awarded with the prestigious "2005 IFT Food Technology Industrial Achievement Award" by one of the world's leading scientific societies, The Institute of Food Technologists (IFT).

Foods for Specified Health Uses (FOSHU) is an official certification from Japan Ministry of Health, Labour and Welfare Consumer Affairs Agency for food ingredients that are scientifically proven to help enhance health. Only ingredients of the highest standard that meet strict efficacy and safety requirements are awarded the FOSHU status.
