FROM KITCHEN TO UNLIMITED POSSIBILITIES

More than just food

Ibupreneur Kitchen Product is more than just baking and cooking—it represents the hands-on skills training that Ibupreneur provides to over 560 women.

Through our programs, women transform from RM200 weekly wages to sustainable income and grew into a career or even a business.

MAGESWARY 66 years old

The age of “Warga Emas”, Mages is just a start of her baking and cooking passion into a career, truly shows — **success is possible at any age and from any background.**

IZZIANA 38 years old

Ibu Izziana, a 38-year-old single mother of five, successfully transformed her life through the Ibupreneur program.

Using her biscuit-making and entrepreneurial skills, she now generates a stable income for her family and has become an inspirational example for other women in our program.

Empowering Lives

Meet Ibu Izziana, the voice behind our kitchen. At 17, Ibu Izziana boarded a flight from Sarawak to Kuala Lumpur with only RM50 in her pocket — determined to build a better life. She started with factory work, then dived into entrepreneurship, selling watches in Masjid Jamek and trading jackfruits in Pasar Bangsar.

But when the pandemic hit, her income disappeared overnight.

With zero capital and everything to rebuild, she discovered her passion for baking — and found a second chance with Ibupreneur.

She's a pillar of strength and perseverance.

On school holidays, her daughter often joins us — a reminder that empowerment begins at home.

Hygiene & Safety

Each Ibupreneur has received her Food Handling Certificate and is certified with a Typhoid injection, in full compliance with the Ministry of Health Malaysia's requirements. We take food safety seriously — so every treat you enjoy is not only made with love, but also prepared with the highest hygiene standards.
