# TRULY ALUMINIUM

EXPRESS STYLE WITH  
SEAMLESS PERFECTION

APRESI®

## THE EDGY APRESI IS NOTHING LIKE ANY CONVENTIONAL KITCHEN YOU'VE SEEN BEFORE

Breathing new life in the kitchen scene with aluminium cabinets, APRESI with its entire aluminium cabinet carcase, has the superiority on the standard wood kitchen as it is corrosion - rust- rot- and termite-proof, making it a good substitute to traditional timber or metal based kitchen cabinets.

APRESI is available in a wide selection of designs, colours and finishes in both customised and modular systems, that can be designed around tastes and lifestyles.

## ENTER THE WORLD OF APRESI'S DREAM-HOME WORTHY, TRULY FUNCTIONAL KITCHENS

The creative mind behind these extraordinary kitchens that goes beyond convention, APRESI brings the ingenious concept of intelligent kitchens to a whole new level. Showcasing a unique and sophisticated blend of first-class quality and aesthetically pleasing appearance, each perfected and thoughtfully crafted APRESI kitchen is casted in aluminium, renowned for its exceptional durability, quality and recyclability.

APRESI, inspired and derived from the word "appreciation", emphasises the company's dedication to constantly deliver quality product and service experience, and ultimately bring on added value to consumer's life by offering a kitchen that makes day-to-day life easier and more enjoyable.

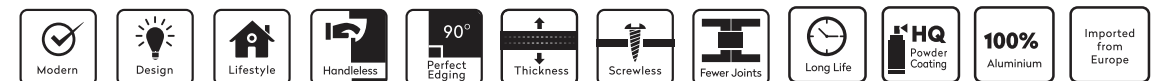

## 100% ALUMINIUM CABINET CARCASE

Aluminium's unique combination of attractive properties which include exceptional recyclability and proven lifetime performance makes it an excellent choice for kitchen cabinets.

APRESI, with its entire aluminium cabinet carcase, has the superiority over the conventional wood kitchen, will certainly melt away all homeowners' worries of rust, corrosion and termites.

Aluminium is also resistant to heat, chemicals and weathering under a range of harsh environmental conditions, making it extremely durable and long-lasting. Comprising non-combustible material, which is safe even in a high temperature environment, aluminium does not burn or release toxic fumes.

As the most sustainable building material in the world, aluminium is a very durable star material with a sleek, modern look and feel that complements all home styles.

## SOUNDPROOF

*Engineered Acoustically As A Sound Barrier*

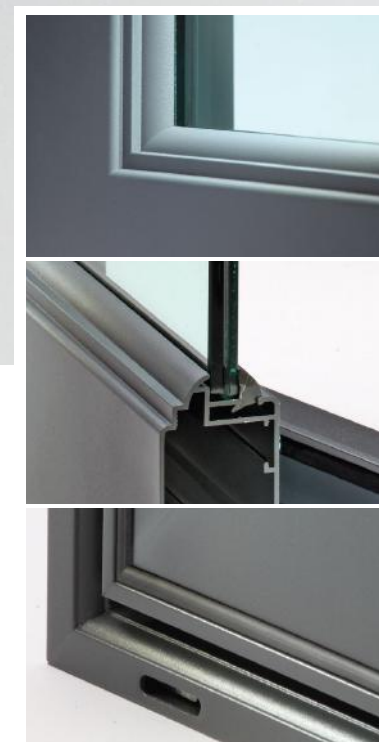

Significantly reduce external noise levels from approximately 105 dB (equivalent to the noise of motorcycles) to approximately 48 dB (equivalent to the noise of quiet urban night time). Make your home a silent sanctuary with the help of innovative and excellent sound insulation technology.

## ANTI-WATER PENETRATION SYSTEM

*Prevent Water Penetration And The Infiltration Of Cold Outside Air*

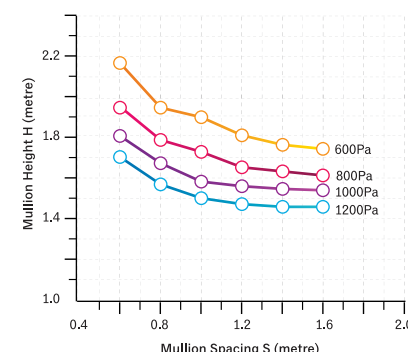

Equipped with double-layer protection for enhanced water tightness performance in order to help safeguard your home from unwanted water intrusion and excess moisture damage.

## STRUCTURAL STIFFNESS

*Provide High Strength Wind Protection Insulation*

Reaching a wind pressure resistance class of 3, HongLee's windows observed to withstand the pressure of 1200 Pa (about 160.67 km/h) when closed. This extra layer of strength offers additional valuable protection against strong winds and debris.

**Wind Load Test**

## ARCHITECTURAL DESIGN

*A Sleek Look For A Distinctive, Curved Appearance*

With enhanced structure and joints along with own R&D capability, our unique profile provides better functionality and durability as well as the ability to integrate with different specifications of glasses, up to a maximum thickness of 11.52mm.

## HIGH PERFORMANCE SLIDING DOOR MATERIAL

IN ADDITION TO ENJOYING ALL SIGNIFICANT BENEFITS OF OUR HIGH PERFORMANCE WINDOWS, HONGLEE'S SLIDING DOORS OFFER OTHER CLEAR-CUT ADVANTAGES INCLUDING:

### 01 HEAVY DUTY ROLLERS

Ensuring a smooth operation at all times with top-notch extruded aluminium track and stainless-steel rollers system.

### 03 EXCELLENT DURABILITY

The unique hollow section design allows the sliding door to reach higher heights and therefore offers a more solid appearance together with finer functionality as well as greater stability.

### 02 INTEGRATED CASTING

Our high performance sliding door presents very few joints with integrated casting. The reduction of joints helps in improving the durability and structural stiffness, providing extra strength and support to the entire door.

### 04 WEATHER SEAL

Handling all of your insulation needs including wind, sound, dust and water for better prevention against the intrusion of dust, moisture and noise as well as to make your home more energy efficient.

## LOCK SYSTEM

### CONCEALED HINGE

High Quality concealed hinges bring about a clean look and better aesthetics while at the same time delivering excellent strength, durability and firm support for smoother opening and closing.

### MULTIPOINT LOCK SYSTEM

A multipoint locking system ensures a higher level of security and provides multiple protection against intruders.

### HANDLE

The integral door fittings allow for a solid latching of the closed window or door and enable a smooth yet easy operation.

## ALUMINIUM PERGOLA & SUN LOUVRES

ELEGANT LIVING FOR  
ALL TIME

2 5 - 2 6

HongLee's pergola and sun louvres with heavy duty aluminium beam and high transparency glass roofing offer not only a stylish way to provide shade and shelter for your loved ones, but also allows you to enjoy outward visibility while protecting yourself from the glaring sun.

## ALUMINIUM VANITY CABINET

### MAKE A SPACE FOR STYLE

A stylish bathroom vanity is the small space solution with big style, but choosing the right material is what makes your settings last. In a high humidity space in most of the bathrooms, a vanity cabinet casted in aluminium will definitely do away worries of rust and corrosion, an innovative solution to keep all your day-to-day essentials neat and out of sight.

## ALUMINIUM SHOE CABINET

### THE ULTIMATE NEAT SOLUTION

Available in both freestanding and suspension units, APRESI's shoe cabinets are immaculately designed to optimise the use of space. Incorporating ventilation panels at the base of the cabinet as well as providing resistance against humidity and weather, aluminium shoe cabinets are perfect for both indoor and outdoor use.

## WALK-IN WARDROBE

### A LUXURIOUS LIFESTYLE FOR ALL

Presenting a totally unique concept in wardrobe organisation, APRESI's walk-in wardrobes are customisable to suit your every need. Free from moisture, rust and rot, they are definitely the optimal solution for all fashionistas. A combination of aluminium main posts, drawers, shelf panels and YOUR creativity.

## STAINLESS STEEL SECURITY NETTING

**YOUR SAFETY. OUR PRIORITY**

The integration of both grille and insect screen in HongLee's stainless-steel security netting provides you with ultimate protection from intruders and insects while simultaneously allowing fresh air into your home. An ideal innovation against break-ins and forced entry.

## ALUMINIUM GRILLE

**CREATING PEACE OF MIND THAT LASTS**

With a unique octagon hollow design, HongLee's aluminium grille offers more than just protection for your loved ones and your home but also a visually pleasing appearance with little to no maintenance necessary.

## MAGNETIC INSECT SCREEN

**MAKE ANY ROOM AN INSECT-FREE ZONE**

This flexible insect screen from HongLee is enhanced with a brilliant magnetic sealing system which allows it to adhere to your windows or doors effortlessly and provide the greatest protection for your loved ones.
