

Dear Sir/Madam,

**Sponsorship & Donation Appeal: REACH CHARITY FUNDRAISING**

The Association of Resource and Education for Autistic Children (REACH) is a free service organization started since 1987 to provide FREE therapies, educational programmes and services for people with autism and their families.

Currently, REACH offers 23 programmes and 9 services that focus on the holistic development of children to adults and provide support for the family members all under one roof. To date, we have achieved successful integration (38%) and inclusion (62%) of children and young adults into mainstream education and workplace.

REACH depends solely on contributions and donations from the public, companies and organizations to maintain its operation. As the cost of maintenance have increased, we need your support more than ever to help these special individuals to cope with and accommodate to the new expectations in society. We seek your help to fund and sustain the free therapies, educational programmes and services offered at the Centre.

Here are the ways you can participate and make a difference:
