EZVIZ™

Alarm Starter Kit

Wireless Security Solution Kit

A total solution for your smart home security.
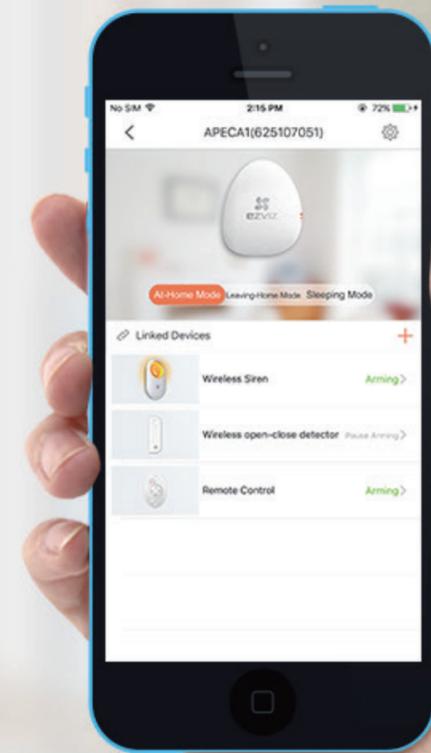

What's inside the starter kit:
- A1
- T6
- K2
- T1

Optimal protection

This comprehensive wireless security kit meets all of your security needs.

Easy installation

We've pre-paired the T6, K2 and T1 with the A1 for you. All you have to do is scan the QR code on the A1, follow the voice guidance, and you are good to go!

The A1: the heart of your security system

The A1 is a wireless security hub which connects to Wi-Fi and up to 32 EZVIZ sensors.

The T6: maximum security

Triggered when a door or window is opened or moved at an angle greater than 3°.

The K2: control your security

A lightweight and portable remote control that allows you to switch conveniently between security modes.

The T1, detecting infrared radiation emitted by humans

The T1 has a wide viewing angle of 100° and disregards movement by pets up to 25kg.

Wide viewing angle of 100°

Up to 25kg

Instant alerts

Whenever a sensor in the Alarm Starter Kit is triggered, the A1 sends an instant alert to the app on your smartphone.
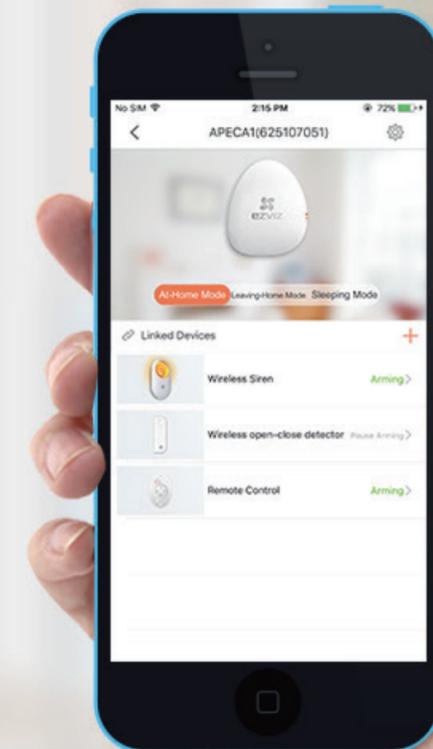

Integrated solution

The A1 can be connected to your EZVIZ cameras. When a sensor in the Alarm Starter Kit is triggered, the camera instantly starts recording images and video.

EZVIZ Camera

Control via the EZVIZ App

With the EZVIZ App, you can remotely control the A1 and all devices connected to it even when you are away from home.

Package Contents:

- A1 x 1
