WHAT IS PHOTOPANKTON?

Phytoplankton is a whole food not a supplement! This incredible single-celled organism offers trace minerals, chlorophyll, essential amino acids, DHA, EPA, protein, carotenoids, antioxidants, amino acids and vitamins. Our Phyto Synergy blend contains extraordinary amounts of Super Oxide Dismutase molecule

known as the “king of the antioxidants” and the “molecule of life”. Grown sustainably on land with filtered Atlantic Ocean water, we start with a seed that multiplies into countless others.

Phyto Synergy is environmentally ethical and fully sustainable.
