Commitment to quality

about us

Prominent Image Sdn. Bhd. (PISB) established since 1994, is a market leader in the manufacture of quality Plastic Sanitary, Plumbing & Others Injection Moulded products for the building industry, both locally and internationally. Our quality products are marketed under the registered trademark "TECHPLAS". We have achieved this status by being innovative and attentive to the needs of the market and being committed to providing value to our customers.

Through our preferred agents, "TECHPLAS" products are available in most hardware, dealers, retail outlets and major hyper-markets throughout Malaysia. Internationally, they can be sourced in Hong Kong, Indonesia, Philippines, Myanmar, South Africa, Sri Lanka, Egypt, Kenya, Mauritius, UAE, Kuwait, Qatar and Bangladesh since 1997. We are proud of our association with these agents, as they have provided valuable exposure for "TECHPLAS" products to go international on a more prominent scale.

our philosophy

We remain steadfast in our belief that prudent and innovative management plus quality products and services are the keystones for ensuring customer satisfaction, and thus guaranteeing the company's growth and expansion. It is our ultimate goal and desire to continue expanding and improving our product range and quality to supply only "THE BEST FOR LESS" to our esteemed and valued customers, locally and internationally.

our mission

- To maintain customer satisfaction
- To maintain product quality and reliability
- To maximize productivity by economy of scale
- To constantly upgrade product technology

our services

We entertain any reasonable and special quantity request for personalized orders and colour. Price for such orders commensurate with the prevailing raw material cost at that point in time. "TECHPLAS" quality products are user-friendly, practical, durable and affordable.

Being a market leader in quality plastic sanitary and plumbing products, we take great pride in being a leading supplier of OEM items to leading Ceramic Ware Manufacturers in Malaysia and Singapore.

As plastic sanitary products in the building industry are ever so competitive, we are exploring the viability of diversifying into non-sanitary products to capitalize and explore the improving economic climate of Malaysia and overseas market. Continuous expansion, product development and improvement can be achieved by being committed, innovative and attentive to market needs and demands.

To keep abreast and ahead of its competitors, we add 3 to 5 new products every year. New products are added based on its initial criteria of export potential.

our quality policy

• Customer Satisfaction

Comprehend Customer requirements to provide good quality products & efficiency services to our Customer.

• Continual Improvement

Implementing our Quality Management System to comply with the ISO 9001 requirement & accomplish our Quality Objectives for Continual Improvement.

OFFICIAL CERTIFICATION

Commitment to quality

SIRIM Specifications

1.

The height of both internal and external overflow has been reduced to comply with SIRIM's 6.0 litres requirement.

2.

All SIRIM compliant outlet valves are fitted with **SILICONE** seals for durable and chemical resistant properties.

3.

All SIRIM compliant cistern bodies come with 6.0 litres water line indicator.

4.

Plastic resins used for manufacturing is UV resistant.

5.

SIRIM compliance require 100% virgin plastic resins.

7.

SIRIM compliance require durable **SILICONE** inlet ball valve washers and PP restrictors.

6.

All SIRIM compliant cistern are certified with approved SIRIM number and stickers.
