Material - Sterling Silver

Sterling Silver

The 925 mark on the earrings indicates that it is made with sterling silver. The number “925” specify that it contains 92.5% of silver and 7.5% of other metals.

Why choose Sterling Silver?

- Rust-free.
- Non-reactive metal, ideal for sensitive skin.
- Soft and flexible to make minor adjustments.
- Durable & easy to maintain. Polish it using polishing cloth occasionally.

Jewelry Tones

Our earrings are available in 3 tones:

- Silver - with rhodium plating
- Gold – with 18 karat gold plating
- Rose Gold – with rose gold plating

How to keep silver shining?

- Wear it often.
- Avoid contact with perfumes, lotions and strong chemicals.
- Keep in airtight jewelry bag or jewelry boxes.
- Clean occasionally with mild soap and warm water.
- Polish once in a while with a polishing cloth.*

*Only use polishing cloth on silver earrings. Use a soft clean cloth for gold / rose gold plated earrings.
