

# MORION FreshLoc

Air Freshener | Antibacterial | Deodorization

Protect Your Family's Health

# More than **700 types** of bacteria can be found in our refrigerators

\*Refrigerators are teeming with bacteria due to the cold, humid and closed environment. These bacteria can cause food-borne illnesses and other health conditions such as sepsis.

## Leftover Milk

(Listeria monocytogenes)

causes generalized blood infection and meningitis

## Egg & Meats

(Salmonella Typhimurium)

causes gastroenteritis in humans

## Raw Food

(Helicobacter Pylori)

causes sores, called ulcers, in the lining of your stomach

## Raw Meats

(Escherichia Coli)

causes diarrhea, respiratory illness and pneumonia

## Fruits & Vegetables

(Shigella)

causes intestinal infection

## Cooked Food

(Staphylococcus Aureus)

causes food poisoning

# Ozone Purifier 3 in 1 Disinfecter

Ozone is released from the machine into the air, eliminates the contaminant, controlling harmful bacteria, while preserving fresh food.

# MORION FreshLoc

Air Freshener | Antibacterial | Deodorization

- Food Safety -

## Eliminating Bacteria Maintaining A Healthy Lifestyle

Effective in killing bacteria such as Escherichia coli, Salmonella typhimurium, Staphylococcus aureus, Listeria monocytogenes etc..

- Eco-friendly -

# Automatic Light Detector

The discharging of O<sub>3</sub> is turned off when light is detected to prevent users from breathing in O<sub>3</sub> through automatic light sensor.

- 360° Sterilization -

## Antibacterial

Produces  $O_3$  even in cold and humid environment which penetrates all corners in the fridge to kill bacteria and remove odours effectively.

### $O_3$ Sterilization

<130L

130-350L

>350L

3 modes available for different fridge volume, maximizing the sterilization effectivity.

- Fast Action -

## Odour Removal

Oxidation of ozone quickly decompose contaminant molecules, harmful airborne substance and remove odours effectively in 15 minutes.

- 7 days shelf life extension -

## Preserving Food

Ozone effectively decompose the maturing agent at the surface of fresh food, extending the shelf life of vegetables and fruits.

With  $O_3$

Without  $O_3$

- Healthy eating -

# Decomposing Pesticides

Ozone attaches to pesticide molecules at the surface of vegetables and fruits, decomposing the molecules during the oxidation process and decreasing the toxicity of pesticides.

- Convenient -

## Good Design

The ear clip design allows hanging of the deodorizer at any position in the refrigerator. Convenient to be used even if the refrigerator is full.

- 20 Days -

# Long Battery Life

USB charging

3 hours  
charging time

20 days  
battery life

\*It is recommended to fully charge the device until the blinking white light stops blinking during first use.

- User-friendly -

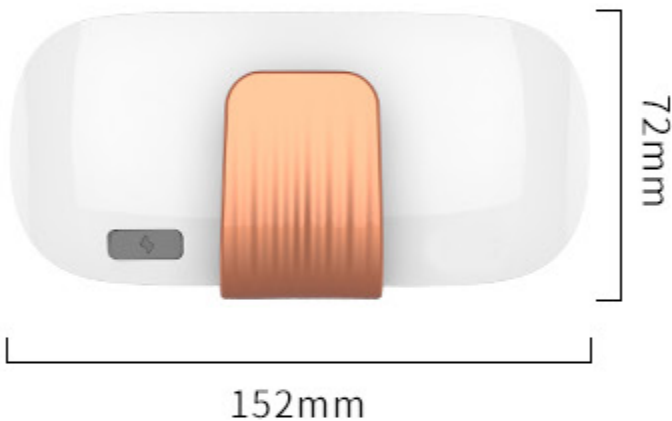

## Easy Power Button

Long press to turn on the device,  
and short press to change modes.

# Product Specifications

Product Name:	Refrigerator Deodorizer
Product Model:	CWQ - GZ01C - GD
Electronic Standard:	GB4706. 1-2005
Input Power:	DC5V/1A
Battery Capacity:	2500mAH
Rated Power:	4W
Charging Time:	3 hours
Product Colour:	White
Product Dimensions:	152x72x54mm
