

Product : Cat.6 RJ45 Pass-Through Modular Plug

SKU : MPU02C688TR

Description: Cat.6/Unshielded RJ45 8p8c Modular Plug ° Suitable for Cat.6 Ethernet Cable 23~26AWG(O.D. 4.5~6.5mm) ° The surface of pins 50μ gold-plated which improve transmission rate effectively and prevent metal oxidation ° Reducing the mistake from installation effectively with the end-pass-through design ° Material of Plug is compliant with UL 94V-0 flame-Retardant Thermoplastics grade and RoHS/REACH standard ° Support PoE type IV (IEEE 802.3af/at/bt) 4PPoE transmission up to 100W °

Color : Transparent

Features : Modular plug can insert/unplug up to 750 times. Operation temperature-40c to 60c. Cat. 6 transmission data rate is compliant with ANSI/TIA568 .2-D standard.
