FULGURITE

GEM ESSENCE

*I am One with the power of creation,
manifestation & enlightenment*

*This beautiful crystal has generously & lovingly taken
part in the creation of this magical gem essence.*

Fulgurites, also known as petrified or fossilized lightning, are formed when lightning strikes sand or soil. In that split second, an extreme amount of energy & heat is released (hotter than the surface of the sun) and crystalizes immediately. Just imagine the sheer burst of energy that was used in forming these powerful stones!

Unsurprisingly, they are one of the more potent manifestation tools on our planet, embodying the pure force of infused lightning – think of them as potions full of energy just waiting to be released. They have been known to bring intense energies & extreme experiences to anyone who has a deep desire to interact with them and have them on their team.

In meditation, Fulgurites help to align all our energy centers, imbuing us in a vortex of high frequencies, cleansing our entire aura & rejuvenating our divine Will. It is common to experience an awakening when connecting with Fulgurite – guiding us towards our true life path with a newfound burst of passion, creative energy & determination while breaking down all the self-imposed barriers that have kept us in stagnation.

May Fulgurite assist you in manifesting your desires, especially when combined with the power of meditation or prayer.
