LIONSGATE

88

PORTAL

The Lionsgate portal begins with the rising of Sirius, taking place from the end of July all the way to the middle of August.

August 8 marks the celebration of this gateway when the sun in Leo, the star Sirius, Orion's Belt and the Earth line up – creating a powerful portal of high frequency energy, perfect for manifestation, rebirth & empowerment.

On August 8, the Sun is just past 15 degrees of Leo, which is halfway through the zodiac – this halfway mark also signifies the midpoint between the June Solstice and the September Equinox.

Although we celebrate this momentous event on the 8th (*at the peak of the Leo season*), so much Light and energy is pouring out from the Sun, the Galaxy and the Cosmos as a whole and they can be tapped into *for the weeks to come*.

8 *in* NUMEROLOGY

The double energy of eight (8/8) is an auspicious & a powerhouse number

- Acts as a bridge between the material & spiritual realms, represented by the infinity symbol
- The number of power, wealth, achievement & goals
- Energy of empowerment, supporting efforts/intentions to manifest in the physical realm
- When the number 8 appears, it is offering assistance to rapidly manifest & amplify your focus

8 *in* ASTROLOGY

The 8th house & 8th sign of the zodiac belong to Scorpio

- Scorpio rules the themes of transformation, power, energy, passion & sexuality
- Corresponds with the Strength card in the traditional tarot deck – *and guess what* – it features a woman interacting with a lion with an infinity symbol above her head!

SIRIUS *gateway* ENERGY

During the Lionsgate portal, Sirius is most visible, coming into view from the shadow of the Sun. It is the brightest star in our night sky and ancient mystics believed it infused the Earth with extra energy & light.

Sirius is considered as our 'spiritual Sun'. As the Sun nourishes physical life on Earth, Sirius beams light for our spiritual bodies, allowing us to be reborn & experience new awakenings – lifting our consciousness to greater heights.
