

Washington

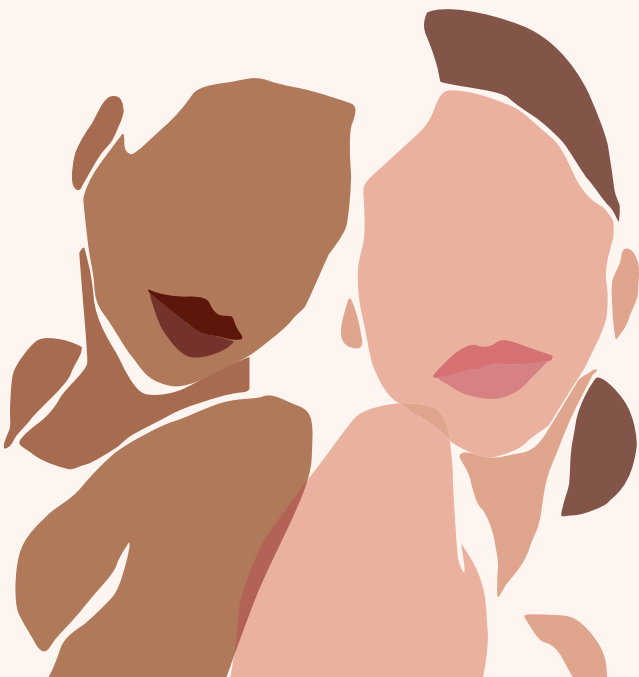

Welcome

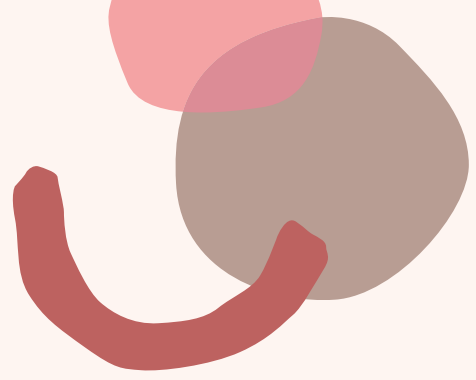

We believe that the beauty of a woman sparks naturally from inside & outside. Lashington specializes in Lash, Nails & Waxing. Equipped with a personal standard of hygiene, professional therapist & premium products extended all the way from France, Italy, Korea, Russia & USA.

At Lashington, we are emphasizing on ensuring great cleanliness, health and safety aspects of the treatment. We would like to invite you to experience the beauty sanctuary of Lashington.

*Let's Be Dashing
in The City!*

Lash

Enhance the length, curliness, fullness & thickness of your natural lashes by applying the extension using a medical-grade glue to individually stick our premium mink lash strands to eyelash line.

We do as well offer keratin lash filler which lifts your natural lashes from the roots for wudhu-friendly & a less maintenance option.

*Great Options
to Look Glam
Everyday!*

FAQ

Q: Do I need to prepare before my appointment?

A: Start by ensuring that all eye makeup is removed with oil-free cleanser before your appointment. The extensions must be kept dry for the first 24 hours after application, hence it is recommended that you gym, shower and wash your hair beforehand.

Q: What is eyelash extension?

A: Eyelash Extensions are individual strands of premium synthetic fibres made to replicate a natural eyelash. When applied, eyelash extensions lengthen and thicken your natural eyelashes.

Q: Will it cause my natural lashes to fall out?

A: Eyelash extensions will not cause your natural eyelashes to fall out. Remember that your natural lashes have their life cycle of falling and growing – as the hair found elsewhere on your body. It's hard to notice small lashes falling out, but when attached to a thicker, longer lash they become much more noticeable!

Q: How long does it take to apply eyelash extension?

A: This usually takes about 1.5 - 2 hours for a full set of lashes, but also depends on the set of lashes you decide to get. After prepping your lashes, your bottom lashes are protected with a gel eye pad, lash extensions are then applied with medical-grade adhesive.

Q: How long will eyelash extension last?

A: Your new lashes will last between 4-6 weeks depending on your skincare routine and your own natural lash life cycle. To maintain the full look of your lashes, it will require you to maintain refills after 2-3 weeks.

Q: How often should I be coming for lash refills?

A: We recommend after 2 to 3 weeks.

Waxing

Our premium waxing service are ranging from face waxing to full body waxing. We use the best waxing supplies with a professional etiquette to have you rest assured.

Love Your Skin!

Reduce skin sagging, fine lines and discolouration over the intimate area.</i> <i>*treatment works best on a freshly waxed skin</i> <i>*mask might not be absorbed well if hair follicle exists</i>	<i>RM 69</i>

FAQ

Q: Why waxing?

A: • Safer (no incidental cuts)

- More efficient (prolongs the time until hairs grow back)
- Hair grows back finer
- Remove dead skin
- Lighter skin tone

Q: Will waxing make my hair grow back thicker / stronger / darker?

A: NO. Waxing does not cause you to grow more hair follicles. In fact, if you wax regularly, your hair will become thinner and lighter.

Q: What is Brazilian waxing?

A: Also known as the Hollywood Waxing. Brazilian Waxing removes all hair from your pubic area as painlessly as possible.

Q: Does it hurt?

A: With the right technique, we promise to ensure you have the least discomfort and pain during the process. However, based on our experience, the first-timer is usually the most inconvenient for the new patrons since the hair roots are still thick (especially if you shaved before). But, it will get much better the second, third time and so on.

Q: When can't I wax?

A: We cannot wax you if you fall under any of the following categories:

- You just had an IPL (laser) on the same area within the last 6 months
- You are under medication of Retin-A or Roaccutane or any similar skin medication that usually makes your skin really dry.
- You have sunburn or cuts or wound on the same area
- You just shaved your hair and it is not longer than ¼ inch long (refrain from shaving for at least two weeks before your reservation is recommended)
- You are in the third trimester of your pregnancy (approval from your ob-gyn might be needed as your skin will be very sensitive).

Nails

Indulge yourself in various ways to enjoy your manicure & pedicure treatment in Lashington from regular nail polish, gel polish & even halal polish!
